

College Encouragement Ministry Adopter Application

Name _____

Home address _____

Home phone _____ Cell phone _____

E-mail address _____

Can we include you on a college adopter group e-mail list? Y / N

Would you be willing to adopt more than one student if needed? Y / N

Do you have a Facebook account? Y / N

What you're committing to do:

1. PRAY CONTINUALLY: for your student(s) - (I Thess. 5:17)
2. CONTACT & ENCOURAGE: at least monthly - e-mail, USPS, text message, phone call or voice message - (Heb. 10:25)

Things to keep in mind:

1. These students are extremely busy in their daily studies and are more likely to respond to written forms of communication such as: e-mail, text, or a Facebook message.
2. Students may not respond at all - and that's OK.
3. Keep it simple. Encourage as much as you want (but at least once a month). If you feel led to do something once a week, by all means, please do!

Additional information:

As part of this ministry, we would like to send out small care packages at important times during the year. If you would be willing to help with this endeavor, please indicate your level of interest below. More information will be forthcoming.

_____ I would like to help in making/buying treats for care packages.

_____ I would be willing to help in packing the boxes for shipping.

_____ I would like to be an encourager, but will be unable to assist with care packages.

_____ I can't help with making items, but I would be willing to contribute monetarily to buy ingredients.

I have read the information above and I commit to encouraging a student for the 2009-2010 school year. I understand the commitment I am making to pray continually. I will do my best to make contact with my student(s) at least once a month. If at any time there is anything questionable from the student's perspective in the form of contact, I understand that I will be asked to not contact my student further.
